Agenda

ACL expectations during COVID-19

Sharing of COVID-19 strategies and practices

Resources from the Centers
ACL Expectations

• **Planned outreach activities and meetings**
  - CDC recommends reviewing your planned events, programs, and services to determine if you need to temporarily postpone or cancel anything.
  - ACL encourages you to consult your state health departments and local published guidance to make these decisions.
  - SMP/SHIP National Conference will shift to fully virtual format.

• **Potential program impact**
  - ACL anticipates contact numbers to decrease in the public health emergency. Communicate openly with your ACL Project Officer about any impacts you are experiencing. This knowledge will inform explanations cited in public facing reports like the OIG Report and the SHIP Report to Congress.
  - ACL has extended SHIP/MIPPA reporting deadlines and will continue to monitor further program reporting deadlines as need for extension is identified.

• **ACL will continue to share information via listservs and acl.gov/COVID-19.**
